

Possip 2025 Spring Intern

Arnav Bhalgat

Data Specialist Intern

Arnav Bhalgat is a Data Specialist Intern at Possip. A student at the University of Cincinnati majoring in Computer Science and Statistics, Arnav is passionate about using data to create solutions that drive impact. He has experience in data analysis, visualization, and building machine-learning models to solve real-world problems. Arnav serves as a Resident Advisor at the university, where he fosters an inclusive and supportive community for students. Outside of his professional pursuits, Arnav enjoys exploring new places, trying different cuisines, and painting during his free time. A strong supporter of AI, he is optimistic about its potential to revolutionize our future. To learn more about Arnav and his work, visit www.bhalgatarnav.com or connect with him on LinkedIn at www.linkedin.com/in/arnav-bhalgat/.
